PUBLIC INFORMATION FORUM

The Board of Supervisors held a public information meeting to receive and respond to questions from the citizens of Fauquier County. The following persons spoke:

- Chuck Medvitz, Scott District, spoke regarding newspaper articles pertaining to Northwestern Elementary School. Mr. Medvitz believes the money proposed for the school should be used for other schools and students because of the small number of students at Northwestern. He felt the money should be used for educational purposes to benefit all students in Fauquier County.
- Edwin M. "Bud" Trenis, Jr., Cedar Run District, spoke regarding the lack of sewer in the Catlett area. Mr. Trenis gave details on the amount of money he had spent in attempting to sell his business. He said that he wasted a lot of time and money and lost the sale to Commonwealth Propane because there was not adequate sewer to expand the current building.
- Mr. Graham said that the Board of Supervisors was aware that the sewer situation in the Catlett area was a very difficult situation. He said that the Catlett-Calverton-Midland Service District Citizens Planning Committee was studying the problem and hopefully would come up with an appropriate resolution.
- James Jackson, Cedar Run District, thanked the Board of Supervisors for appropriating money for lights at Liberty High School.
- Scott Seegers, Cedar Run District, spoke regarding the many civic contributions given by Harold Dutton to the community.
- Carol Ortmyer, Cedar Run District, spoke about her concern for the lack of sewer on Route 28. Ms. Ortmyer said that the Board of Supervisors had adopted a resolution to make this a priority and that nothing had been done. She said that the Catlett/Calverton areas were losing businesses because of this situation.

- Peter Mitchell, Agricultural Development Officer, gave an overview of events planned for the Homegrown Dinner that will be held Saturday, July 29 at the new fairgrounds located on Old Auburn Road.
- Charles Moss, Cedar Run District, spoke concerning the leaking roof at H.M. Pearson Elementary School. Mr. Moss believes this is a dangerous situation and a fire hazard.
- Janet Miles, Principal at H.M. Pearson Elementary School, informed the Board of Supervisors and audience that work on the roof would begin in August.

With no further business, the meeting was adjourned.

I hereby certify that this is a true and exact record of actions taken by the Fauquier County Board of Supervisors on July 24, 2000.
